Dear Stakeholder,

Mount Roland Rivercare Catchment Inc. (MRRCI) is pleased to offer for your consideration the attached Minnow Catchment Weed Management Plan.

The plan has been voluntarily prepared by MRRCI as a community initiative. It aims to create a shared understanding of weed issues facing the Minnow catchment, and provide a framework for strategic and coordinated weed control across the catchment.

MRRCI is seeking the cooperative involvement of all stakeholders in the implementation of the plan.

MRRCI thanks stakeholders for their support in the development of this Plan. Further comment can be made to MRRCI at admin@rivercare.org.au

MRRCI hopes that this Plan will lead to positive outcomes, and greater recognition of the many values of the Minnow catchment.

Yours faithfully,

Richard Sands
President MRRCI
